Subject: Re: Archives/State Lead Letters

Jean, you are welcomed. All the sites you listed were given a State Lead Code and/or archived. I did not find letters to the owners so I have prepared/sent those and forwarded you copies via regular mail. I also sent you copies of the State Lead recommendations. I hope this lets you close your files, let me know if you need anything else.

Subject: Archives/State Lead Letters

Gerardo-

Thanks for the fast turn around time on the Sanford Archive Letter.

I also wanted to make sure you have a list of our outstanding requests under the Archive Project. My records show the following:

State Lead:

Burt Company, Portland
Robbins Property, Ellsworth
Harris Road Disposal Area Site, Cumberland

Archive:

Wyman Auto Body

I also have documentation of decisions made on Millington Enterprises and Kingfield Wood Products, but don't have the letter to the site owners in my file. If you can, please send me a copy of these.

Please let me know if you have all of the above listed request.

Thanks for your help,

Jean Firth, Environmental Specialist
Maine Department of Environmental Protection
